

GAME ASSET BUNDLE

LICENSE AGREEMENT

The licensee is granted a non-exclusive, perpetual license to use the contents of the asset packs purchased within this bundle in non-commercial *and* commercial media productions. There is no limitation placed on number of uses. For attribution, please check each creator's terms or EULA. If no terms are stated, attribution is optional.

Assets may be modified for use in derivative media.

Assets (either unmodified or modified) may not be resold as standalone media, either alone or in packs.

Ownership and copyright of the assets is maintained by the original creator.

This license is not transferable or resalable.

SIMPLY...

You can use these assets in your commercial or non-commercial media projects.

You can't sell the assets on their own or collected into an asset pack.

If you have any questions, please contact the individual creators
