

GAME ASSET BUNDLE

CYBERPUNK GAME ASSET BUNDLE LICENSE AGREEMENT

This agreement covers all asset packs included in this bundle.

The licensee is granted a non-exclusive, perpetual license to use the contents of the asset packs purchased within this bundle in non-commercial *and* commercial media productions. There is no limitation placed on number of uses.

No attribution is required.

Assets may be modified for use in derivative media. Assets modified in this way remain under copyright to the original creator of the assets.

Assets (either unmodified or modified) may not be resold as standalone media, either alone or in packs.

Assets may not be resold or distributed as NFTs in any form without direct consent from the asset creator.

Ownership and copyright of the assets is maintained by the original creator.

Licensee is **not** granted rights to enter audio assets into YouTube Content ID or other similar databases.

This license is not transferable or resalable.

If you have any questions, please contact the individual creators
or join Game Asset Bundle on Discord
